

Monday 6th September, 2021

Dear Parents and Carers,

Many of you may have heard that Killarney Vale Public School had two positive COVID cases confirmed on Friday afternoon. The school was thoroughly cleaned over the weekend and all students and staff identified as close contacts have been notified and asked to self-isolate for the required period.

This is a timely reminder for all of our community to be diligent with regards to following NSW Health advice and our procedures for keeping students and staff safe.

We have a detailed plan in place if we are contacted by NSW Health and will advise you as quickly as we can if this occurs. Please regularly check School Dojo, the school Facebook page and website for up-to-date information.

Students attending school

I want to remind all our families that there is minimal supervision on site at our school for those students who cannot be educated at home. If you are working from home, and your child is able to be educated from home, please keep them at home. We happily welcome and support students who are required to attend school.

If required, please get in touch with your teacher to discuss any additional needs for your child or family. It is a challenging time for all of our community, and I do appreciate your ongoing support.

Kind regards,

Natalie MacDonald
